

## Cheese Makers Special School

Cheese makers of northern Michigan are gathered at Stephenson, in Menominee county, for a special short course on the methods and recent developments of their business. The school, which is to run from March 6 to 16, is being handled by dairy extension specialists from the Michigan Agricultural College.

"There is room for great expansion of the cheese making industry in Michigan," says O. E. Reed, head of the M. A. C. dairy department, in commenting on the U. P. short course. "Menominee county, and the entire upper portion of Michigan, is ideally located for making high quality American cheese, as well as other fancy types."

"The cheese makers themselves are taking new interest in the possibilities for growth of the business in Michigan, and the short course at Stephenson is being held in response to calls for study and conference on the work. Stimulus which should be felt all over the state will result from the school."

H. C. Jordan, special instructor in cheese making at the college, is in direct charge of the short course, working in co-operation with the local county agricultural agent. Professor Reed and others from the college, including market specialists, will discuss vital topics with the assembled cheese makers.

## It Is The Live Wire

for stomach and heart trouble. Dr. Burnham's San Yak gives you the pep in restoring health from rheumatics. You could scarcely have kidney or bladder trouble under the 90 mark by occasionally a dose. Try it to limber up the stiff joints and muscles.

This is a sample of thousands of testimonials from doctors and other people.

## "BEATS FIVE DOCTORS"

writes J. L. Morgan, Elmore, Ohio, "April 29, 1918, I was taken very sick. Had four doctors at different times. They didn't know what ailed me. Finally I went to a Kidney Specialist. He examined the urine and pronounced it a bad case of Bright's Disease of the Kidneys, as my urine was half albumen. I asked him if he could cure me. He said, 'No; no man could cure me,' but gave me some medicine; but the medicine did me no good. From that time on I got worse. Then I saw a testimonial in the Toledo Blade, where San Yak had cured Bright's Disease. Then I bought two bottles of San Yak, took the medicine as directed. Before I had taken the second bottle I saw an improvement. Then I bought a dozen bottles. I was sure the medicine was just what I wanted. I took one dozen bottles in all; and today I am a well man. As to my urine, it is perfect. I don't think there is a better medicine in the world today than San Yak; and you are welcome to the use of this letter."

McBride, Mich., July 7, 1919. Burnham Medical Co.

San-Yak will do all you claim—it is a fine medicine for anemia of the blood and has cured cases of rheumatism of long standing. When one doctors the kidneys he is renewing the whole body. One can always depend on San-Yak.

Yours respectfully,  
(Signed) L. P. Bailey, M. D.

Mr. F. E. Hildebrand, 889 Cottage avenue, Wabash, Ind.

"The doctors said I had Bright's Disease, and high blood pressure of 186. I was sick and dizzy, stiff and clumsy in my muscles. I was so weak I could scarcely walk. My daughter heard of San-Yak, and sent me a bottle nine years ago and before the first bottle was gone I was feeling fine. San-Yak has cured me and for the benefit of others you are welcome to the use of this letter."
